

# PAPERS OF THE INSTITUTE FOR THERMAL SPRING RESEARCH OKAYAMA UNIVERSITY

No. 46

March, 1977

---

## CONTENTS

ORIGINAL PAPERS	Page
Yasuharu NOISHIKI : Fundamental study of post operative intestinal adhesion —Findings on early stage of peritoneal inflammation by ultraviolet irradiation— .....	1
Yasuharu NOISHIKI and Yasuhiro NAKAHARA : A case of cancer in the gastric remnant.....	11
Takamasa OHTA, Masaaki TOKIOKA and Kiyoshi TAKASUGI : Circulatory changes in rheumatoid fingers as estimated by thermography and photoelectric plethysmography .....	15
Katsushi FURUNO : Determination of copper and zinc in serum by atomic absorption spectrophotometry .....	25
Katsushi FURUNO : Determination of manganese in serum by atomic absorption spectrophotometry .....	37
Keiko ITOH, Minoru KITAYAMA, Hiroshi MORINAGA and Yoshito MATSUI : A FORTRAN data processing system for the epidemiological data on rheumatic diseases —Part 1. Basic programs for deposit and retrieval of data.....	45
Hiroko AOKI : Study of metabolism of uric acid —(1) Observation of uric acid values .....	61
